CHAIRMAN'S NOTE

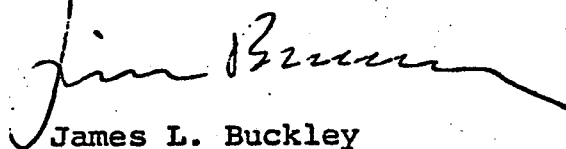

To the Members of the SIG

I would like to take this occasion to thank all of you for the support you have given me in launching this common effort to bring about a more effective overall program in the area of technology transfer.

I regret having to leave the Chairmanship at this stage, given the important projects now underway and the many others that will inevitably come forward. By the same token, I can't think of anyone better equipped to assume the Chairmanship than Bill Schneider, so I know that the fledgling will take wing and accomplish great things.

I have enjoyed working with you, and will be more than happy to assist you in your future work in any way I can.

Sincerely,

James L. Buckley
